

Nature Sensory Scavenger Hunt Bluff Lake Nature Center Self-Guided Activity

Description: This activity is recommended for grades ECE and up, with a timeframe of 30-60 minutes. A hike through Bluff Lake Nature Center is a great time to complete this activity, but it can also be done in a backyard, park, or during a neighborhood walk.

Instructions For this activity all you will need is your senses! We will be using our sense of sight, hearing, smell, and feel. Can you find all the items on the list? For an added activity, you can draw the things you find and think about how the items may interact with animals.
